LONG ISLAND NURSERYMEN'S ASSOCIATION
AMERICAN ASSOCIATION OF NURSERYMEN

Chateau de Bagatelle

On a wager with Marie Antoinette, in 1780, the Comte d'Artois (later Charles X, the second King of the Restoration), built an entrancing little chateau, with its charming gardens in the incredibly brief time of 64 days. The outlay was three million francs.

"C'est magnifique!", exclaimed Marie Antoinette, on catching her first glimpse of the beauty spot which became an enduring reminder of her wager. "Mais, non, c'est une bagatelle" answered the gallant Comte d'Artois. So in this romantic manner the name "Bagatelle" originated.

The gardens of the Chateau de Bagatelle, near Paris, are now used as testing grounds to determine the value of new roses, sent from all parts of the world. A most interesting place! So is the Bagatelle Nursery with its specimen evergreens, ornamental trees, Rhododendrons and new Azaleas. A cordial welcome awaits you.

Conditions of Sale

PRICES

The prices named in this list cancel all prices and sales conditions quoted in previous lists and offers. They are F. O. B. Nursery, based on current market quotations, and subject to change without notice.

BALLING AND BURLAPPING

The cost of balling and burlapping of all evergreens, Rhododendron and Azalea is included in the prices quoted; also for plants marked B & B. For all other material marked B. R. (bare root) an extra charge will be made as follows:

Shrubs	Trees
	Diameter of ball
2 - 3 ft.....\$.25	18 in.\$1.75
3 - 4 ft..... .30	24 in. 2.50
4 - 5 ft..... .40	30 in. 4.00
5 - 6 ft..... .60	36 in. 6.00
	42 in.10.00

CLAIMS

Claims must be made in writing; we can not entertain any claims that are not made within ten days after receipt of the stock.

TERMS

All accounts are due 30 days following date of invoice. Cash or satisfactory trade or bank references must accompany all orders from purchasers unknown to us. Interest at 6% per annum will be charged on all overdue accounts.

PACKING AND SHIPPING

Packing is charged at the actual cost of the material used.

We can ship by Express or Freight via Long Island Railroad connecting in New York with all other railroads and boatlines. No charge will be made for loading carload lots.

TRUCKS

We deliver by truck within a reasonable distance, subject to restrictions by the ODT. We will be glad to make arrangements about delivery by truck, and charges, at the time the order is placed.

6 to 8 in.....	.60
8 to 10 in.....	.75
10 to 12 in.....	1.00

— Orange Beauty

Orange Hinodegiri

A seedling of Hinodegiri, considerably hardier, larger and more glossy foliage, better grower. The flowers are bright orange, slightly shaded pink.

A distinctive novelty

4 to 6 in.....	.75
6 to 8 in.....	1.00

Azalea Kaempferi Hybrids

The delicate pastel colored flowers are large and do not burn even in the full sun. They are also desirable for forcing; at three consecutive Flower Shows in New York, they were awarded Gold Medals. They were also awarded Gold Medals in various European cities. They are perfectly Hardy.

Carmen

Delicate rose like Moss Pink (*Phlox subulata*).

Fedora

Rose, like the outer petals of the Bleeding Heart.

Louise

Similar to Carmen, a week later.

Othello

Salmon pink, like Mme. Edouard Herriot.

CHAMAECYPARIS Lawsoniana Alumi

2½ to 3	ft.....	1.50
10 to 12	ft.....	15.00
12 to 14	ft.....	20.00

— — Hollandia

After an extremely severe winter in Holland we found in a large block of seedling Chamaecyparis Lawsoniana four to five feet high, one plant which had not suffered at all.

It had its deep green color as in the summer showing its fern-like, soft drooping branches. All other plants in the block were entirely dead. We imported some plants grown in Holland to test their hardiness in this country and did not propagate any until we found that after the very severe winter of '34-35 they had not suffered at all not even the unprotected small plants propagated since that winter. We are now offering this fine addition to the evergreens for the first time.

Rhododendron Hybrids

The Bagatelle Nursery makes a specialty of growing Rhododendrons and have first class facilities to do so. Experiments, at great cost have been made in the last ten years to test hardiness for outside plantings in the vicinity of New York and Boston.

The winter of 1942-43 did considerable damage to Rhododendrons in many places. Not one variety of our collection showed damage except that some of the flower buds were partially hurt.

We would appreciate to have your order in the fall. We either ship your plants at that time, when you can give them a slight protection, or we take care of your order over the winter.

We have indicated after each variety the maximum height available from 12 inches up.

COLLECTION OF NAMED VARIETIES:

America

Red, very pronounced blotches. (2½ ft.)

Album elegans

Buds pale lilac, open flowers white. (6 ft.)

Amphion

Clear pink with white center, large truss. (3 ft.)

Catawbiense grandiflorum

Light purple, a very pleasing color. (3 ft.)

Dr. Dresselhuys

One of the very best reds grown, the same color as Chas. Dickens, a much better grower. (3 ft.)

H. W. Sargent

Light red, medium grower. (2 ft.)

Ignatius Sargent

Light clear red, very fine truss. (3 ft.)

Madame de Bruin

Crimson carmine, flowers of great substance, very large truss. One of the finest varieties for forcing not only for its gorgeous flowers, but also for its fine foliage. Need winter protection. (2 ft.)

Mrs. P. Den Ouden

Clear red, very floriferous. (2 ft.)

*Unit Price
Per 10*

VARIETIES continued:

Mrs. C. S. Sargent

Dark pink, a fine color, one of the best. (2½ ft.)

Nova Zembla

A very good red with pronounced dark blotches, a dense grower. (2½ ft.)

Parson's gloriosum

Lilac rose, very fine foliage. (3 ft.)

Roseum elegans

Pink shaded lilac changing to pink when open; the best foliage of all, very hardy. (6 ft.)

Roseum superbum

lighter than the former, late flowering. (3 ft.)

In "Lilacs for America" a Committee of the American Association of Botanical Gardens and Arboretums, assisted by outstanding Lilac experts, gives a list of the "finest" and "very good" Lilacs. We were glad to see that our collection consisted of the "finest" with only a few exceptions. Our collection on this page, nearly all the "finest", consists of one single and one double variety under each color group, we recommend these varieties. The preceding page lists alphabetically our entire collection.

s—single

d—double

WHITE

Mont Blanc, s, enormous flowers.

Ellen Willmott, d, imbricated flowers, late!

VIOLET

Cavour, s, large trusses.

Marechal Lannes, d, large flowers.

BLUE AND BLUISH

President Lincoln, s, very fine variety.

President Grevy, semi-double.

LILAC

Charles X, s, very floriferous.

Leon Gambetta, d, shaded pink.

PINK AND PINKISH

Edouard Andre, s, perfect color.

Katherine Havemeyer, d, one of the best.

MAGENTA (or Reddish Purple)

Ruhm von Horstenstein, s, long, massive trusses.

Mrs. Edward Harding, large, full panicles.

PURPLE (or Deep Purple)

Ludwig Spaeth, s, large trusses.

Charles Joly, d, silvery reverse.

Prices as quoted on preceding page.

We Cordially Invite You to Visit Our Nursery

HOW TO REACH US:

By train: Come to Huntington, Wyandanch or Babylon. Notify us of your arrival, and we will be glad to call for you.
Tel. Farmingdale 850.

By automobile from New York: Take "Midtown Tunnel" (Second Avenue and Thirty-Seventh Street, East), taking you to Queens Boulevard. Turn right and proceed on Queens Boulevard for about six miles. Turn left into Grand Central Parkway, proceed further on Northern State Parkway (the continuation of Grand Central Parkway) and turn off at "Old Country Road" (sign W 2). Turn left on Old Country Road and be guided by signs and arrows.

From Connecticut: Take Whitestone Bridge to Northern State Parkway and continue as directed above.

Our Sales Office is a few hundred feet west of Route 110 on the Jericho Turnpike at Huntington, next to Dahlstroms famous restaurant. To reach the nursery from there, turn south from the Turnpike on Route 110, and follow signs.

BAGATELLE NURSERY

P. M. KOSTER, Mgr.

P. O. Huntington Station, N. Y.

WHAT THE ASTERISK (*) IN THIS LIST MEANS

It means to indicate a grade of smaller nursery stock than we have offered in previous lists. This material is not "lining-out-stock", it is two years old and has been transplanted. It will be shipped Bare Root, well puddled.

It is the kind of stock that nurserymen should order to be prepared to meet the demand when the war is over. The usual "lining-out-stock" will not be large enough when the many houses are built and neglected gardens and foundation plantings are re-planted.

We intend to make deliveries in the Fall of 1944 or Spring 1945.

BAGATELLE NURSERY

P. O. Huntington Station, L. I.
